# **LET ME DECIDE**

***Pavia, 06 MAGGIO 2016***

***Ore 08.30***

**Sede: AULA DIDATTICA**

**ASP.MARGHERITA –Via EMILIA 12 - Pavia**

## ***OBIETTIVO FORMATIVO***

### **CORSO ADE CFU 1**

*Through age, illness or accident, people can lose their capacity to understand the nature and consequences of proposed medical treatment. Health care decisions then fall to families, friends and physicians who may not be aware of the patient's wishes. The freedom to decide one's own destiny is the right of every competent person. This includes the right to accept or refuse medical treatments. But if we become critically ill, we may not be able to make these decisions.*

*The purpose of this course is to help you take control of and record your wishes for your health and personal care for a future time. If you are unable to speak for yourself, the 'Let Me Decide' Advance Care Directive will speak for you. It is your Living Will. Gives each individual the opportunity to choose different levels of treatment according to his or her wishes.*

*Helps relieve family and friends of responsibility for decisions in times of crisis.*

*Guides health care practitioners in making vital decisions when family members are unavailable.*

*Has received enthusiastic support from a wide variety of individuals and groups, including doctors, patients, nurses, solicitors, clergy, and advocates for the elderly and the disabled.*

## ***RESPONSABILE SCIENTIFICO***

Giovanni Ricevuti – Professore Ordinario di Medicina Interna, Università degli Studi di Pavia

## **STUDENTI COORDINATORI**

Elisa Piella – Cristina Bizzotto
