

Leadership Programme

Health Education England is working in collaboration with the University of Pavia in Italy and Anglia Ruskin University to deliver an innovative leadership development programme focusing on Transforming and Sustaining health and care. Aimed at GPs, Senior Clinicians and Senior Leaders from England and Italy

Programme Objectives

- Exploring new models of care, organisations, and workforce for health care systems within Europe
- Building finance and performance systems that support innovative health care for the future
- Leading within complex systems; the challenges and opportunities for 21st century health care Leaders and Clinicians

Now in its 3rd year the Leadership Programme will take place in Pavia, Italy and Cambridge, England. It will provide practical learning supported by theoretical teaching as well as opportunities to explore a series of different healthcare settings across acute, primary and secondary care in both Italy and England. All participants will identify and be supported to achieve their own service improvement projects.

Course fees are £1,995.
