

GET ME THERE!

Novel challenges and approaches in microbiology:

Genomics, bioinformatics and
the control of antibiotic resistance

An INTERNATIONAL SYMPOSIUM Pavia - 26 September 2017 - 9.30 : 13.00

Fondazione IRCCS Policlinico San Matteo - Viale Camillo Golgi 19
Aula 2, Padiglione 43 - DEA, Dipartimento di Emergenza ed Accettazione

9.30: Piero Marone

Director of the Microbiology and Virology Unit, Fondazione IRCCS Policlinico San Matteo, Pavia
Welcome Address

9.35: Davide Sassera

Assistant Professor of Parasitology, Università degli Studi di Pavia
"The SpARK JPI-EC-AMR project: a European consortium to fight antibiotic resistance"

9.45: Sylvain Brisse

Research Director, Biodiversity and Epidemiology of Bacterial Pathogens, Institut Pasteur, Paris, France
"Bacterial pathogens, from population biology to genomic epidemiology"

10.25: Jukka Corander

Professor of Statistics, University of Helsinki, Finland
"Whole-genome epistasis analysis for bacteria"

11.05:
COFFEE BREAK

11.30: Edward Feil

Professor of Microbial Evolution, University of Bath, United Kingdom
"Intergenic regions and bacterial pan-genomes: new analyses, pipelines and insights"

12.10: Ruth N. Zadoks

Professor of Molecular Epidemiology, University of Glasgow, United Kingdom
"Bacteria in cows and why they matter to people"

Chair: Piero Marone | Moderators: Davide Sassera, Claudio Bandi

 Fondazione IRCCS
Policlinico San Matteo

Sistema Socio Sanitario

 Regione
Lombardia

SpARK

DBB
Dipartimento di Biologia e Biotecnologie
"L. Spallanzani"
UNIVERSITÀ DI PAVIA

FREE ADMISSION

Reservation is recommended
