

Bio:

Inmaculada Dópido received the B.S. and M.S. degrees in telecommunications and Ph.D. degree from the University of Extremadura, Caceres, Spain. She is a member of the Hyperspectral Computing Laboratory (HyperComp) coordinated by Prof. Antonio Plaza and professor in computer science degree in University of Avila. Her research interests include remotely sensed hyperspectral imaging, pattern recognition and signal and image processing, with emphasis on the development of new techniques for unsupervised and supervised classification and spectral mixture analysis of hyperspectral data. She obtained the grant Women in Science provided by University of Wien 2016. Ms. Dopido has served as a reviewer in 15 different journals, including IEEE TRANSACTIONS ON GEOSCIENCE AND REMOTE SENSING or IEEE JOURNAL OF SELECTED TOPICS IN APPLIED EARTH OBSERVATIONS AND REMOTE SENSING.
