

16.03.2021 – The Italian Innovation”

The Ministry of Foreign Affairs and International Cooperation, in collaboration with some of the main Italian research bodies, has created new integrated promotion formats (videos, interactive portals, multimedia catalogs,..) intended to enhance and promote the excellence of Italian science and technology on foreign markets.

The initiative, whose objective is to give adequate international visibility to the capabilities and potential of Italy in the sectors of innovation, will be presented by Hon. Minister Di Maio, on live streaming on the Farnesina YouTube channel.

The appointment is for Tuesday 26 March at 3.00 pm: <https://www.youtube.com/user/MinisteroEsteri>
