DI PAVIA

Ph.D. Program in Electronics, Computer Science and Electrical Engineering

SEMINAR

The technical requirements of lasers for next generation meteorological lidar

Dr. Yi Yang

School of Remote Sensing and Information Engineering
Wuhan University
No.129 Luoyu Road
Wuhan, Hubei Province, 430072
P. R. China

31 Jan 2023 – 11:00 am
(seminar room “verde” floor D)

Abstract:

This seminar will give a brief introduction of the detection principle of lidar system. It will also discuss the requirements of lasers for next generation meteorological lidars in China, specifically temperature and humidity lidars.

Bio:

Dr. Yi received Ph.D. degree in philosophy in space physics from Wuhan University in 2018. His research interests are atmospheric lidar techniques and cloud/precipitation physics.

Organizer

Prof. Antonio Agnesi

Ph.D. Coordinator

Prof.ssa Ilaria Cristiani

Seminar in English
