

The Arvedi Laboratory for Non-Invasive Diagnostics is pleased to announce the Workshop

Material and Sound. Science learns from Musical Instruments

promoted by the Centro Interdipartimentale di Studi e Ricerche per la Conservazione del Patrimonio Culturale of Università di Pavia. The Workshop will be held on November 3rd 2015 at Università di Pavia, Aula Foscolo, Strada Nuova 65, Pavia.

The Workshop will discuss different topics about study and conservation of ancient musical instruments according to a multidisciplinary, science-based approach by speakers representing Metropolitan Museum of New York, Museo del Violino in Cremona, Politecnico di Milano, Università di Milano-Bicocca. The Workshop includes also talks by researchers of the [Arvedi Laboratory for Non-Invasive Diagnostics of Università di Pavia](#).

Please download the [detailed programme](#) and the [Workshop announcement](#).

Participation is free upon [registration](#).
