

Bio:

Martina Teresa Bevacqua was born in Reggio Calabria, Italy, in 1988. She received from the University Mediterranea of Reggio Calabria, Italy, the M.S. Laurea degree (summa cum laude) in electronic engineering in July 2012 and the Ph.D in Information Engineering in May 2016. She is currently working as Assistant Professor at the University Mediterranea of Reggio di Calabria and her research activity mainly concerns electromagnetic inverse scattering problems with particular interest in biomedical and subsurface noninvasive diagnostics. Dr. Bevacqua was the recipient of the Barzilai Award from the Italian Electromagnetics Society in 2014 and Young Scientist Award during the 2018 URSI Atalantic Radio Science Meeting. Moreover, she received the Honorable Mention from IEEE-Antennas and Propagation Society (Central and Southern Italy Chapter) in the 2016 best Student Member paper competition.
