DI PAVIA

Department of  
Chemistry

# ORGANIC CHEMISTRY DAY IN PAVIA

WEDNESDAY, 15<sup>th</sup> OCTOBER 2014

AULA FOSCOLO - 9.30 a.m.

PALAZZO CENTRALE DELL'UNIVERSITÀ

Strada Nuova 65, Pavia, Italy

9.30 a.m. - **Opening Remarks**

9.45 a.m. - **Shedding Light on Nanomedicine: Photoactivated Nanoconstructs with Multiple Imaging and Therapeutic Modalities**  
Salvatore Sortino (University of Catania, Italy)

10.35 a.m. - **Organic and organometallic materials for new generation photovoltaic cells**  
Alessandro Abbotto (University of Milano-Bicocca, Italy)

11.25 a.m. - Coffee Break

11.50 a.m. - **Photochromism of Diarylethene Molecules and Crystals**  
Masahiro Irie (Rikkyo University, Tokyo, Japan)

- Lunch Break

2.30 p.m. - **Photoredox catalysis in Organic Synthesis**  
David MacMillan (Princeton University, USA)

3.20 p.m. - **In quest of solar fuels. Supramolecular approaches to photocatalytic water splitting**  
Franco Scandola (University of Ferrara, Italy)

Società Chimica Italiana  
Divisione di Chimica Organica
